ESTIMATES**

**For the Financial Year Ending on June 30, 2025
(FY 2024/2025)**

MARCH, 2025

Sustaining the G40/WA Agenda for Accelerated and Inclusive Economic Growth

FOREWORD

As the head of County Treasury, it is my honor to present the revised Homa Bay County Medium-Term Expenditure Framework (MTEF) Budget Estimates for FY 2024/25 on behalf of the County Executive Committee. This first supplementary budget estimate represents our commitment to transparent and accountable fiscal management principles in accordance with the underpinning laws; the Public Finance Management Act (PFM Act 2012), the County Governments Act (2012), the Intergovernmental Relations Act (2012), and the Urban Areas and Cities Act (2011) among other enabling legislations within the County Financial Management landscape. Specifically, the preparation of this revised budget estimate was guided by Sections 125, 130, and 135 of the PFM Act 2012, as read together with Sections 107(1-2) and 112 of the County Government Act. Additionally, it took into consideration Sections 15(1) and 16 of the Intergovernmental Relations Act, along with Sections 27 and 28 of the Urban Areas and Cities Act.

The preparation of the First Supplementary Budget for FY 2024/25 was informed by fiscal and economic realities including the withdrawal of the 2024 Finance Bill by National Government, which significantly impacted division of revenue, county allocation of revenue, and additional allocation to counties. Consequently, the expected shareable revenue for Homa Bay County was revised downwards in line with the above amendments.

Following these fiscal changes, the revised county revenue is expected to be **KSh. 12,982,558,762** (up from KSh. 11,876,978,601), which is made up of **KSh. 8,170,280,800** in equitable share, **KSh. 2,320,448,369** in conditional grants, **KSh. 501,737,917** in ordinary OSR, **KSh. 981,068,740** in A-In-A, and **KSh. 1,009,022,936** from other sources including unspent balances. To *Sustain the GENOWA Agenda for Accelerated and Inclusive Economic Growth*, amidst these budget revisions, the County Government of Homa Bay has allocated **KSh. 8,041,127,415** and **KSh. 4,941,431,347** for recurrent and development respectively. Therefore, the revised development allocation has increased from 35% to 38% while revised recurrent allocation has decreased from 65% to 62% in the First Supplementary Budget for FY 2024/25.

This budget revision not only demonstrates our commitment to adherence with fiscal responsibility principles and good governance but also details strategies for financial sustainability. Through bold and responsible fiscal decisions, we reaffirm our dedication to empowering communities, unlocking new opportunities, and building a prosperous future for our people.

HON. SOLOMON OBIERO
CECM • FINANCE AND ECONOMIC PLANNING
COUNTY GOVERNMENT OF HOMA BAY

ACKNOWLEDGMENT

The successful preparation of the Homa Bay County Supplementary Budget for FY 2024/2025 is a testament to the collective dedication, expertise, and leadership of various stakeholders who have worked tirelessly to ensure a fiscally responsible and development-driven planning.

First and foremost, we extend our gratitude to Her Excellency the Governor Hon. Gladys Nyasuna Wanga (EGH) and H.E. Hon. Joseph Oyugi Magwanga, whose visionary leadership, unwavering commitment to inclusive governance, and steadfast dedication to the GENOWA Agenda continue to steer Homa Bay County toward sustainable development, economic prosperity, and social transformation.

Special recognition goes to the CECM for Finance and Economic Planning, Hon. Solomon Obiero, for diligently steering this process, ensuring fiscal prudence and responsiveness to emerging needs. We also extend our heartfelt appreciation to all CEC Members and all Accounting Officers for their collective leadership and policy direction in shaping the budget preparation by aligning departmental priorities as per the county's medium-term plans.

Finally, we appreciate the invaluable contributions of all stakeholders, partners, technical staff, and members of the public for their insights, feedback, and support throughout this process. Your engagement reaffirms our collective responsibility to uphold transparency, accountability, and citizen-centered governance.

HIGHLIGHTS OF THE REVISED FY 2024/25 MTEF BUDGET

I. Introduction

The preparation of this first supplementary budget is premised on Chapter 12 of the Constitution of Kenya, read together with Sections 125(1), 130, and 135 of the Public Finance Management Act (2012); Sections 107(1), 107(2), and 112 of the County Governments Act (2012); Sections 15(1) and 16 of the Intergovernmental Relations Act (2012); and Sections 27 and 28 of the Urban Areas and Cities Act (2011) which stipulate specific requirements and guidelines for budget preparation, approval, and reporting.

Section 135 of the Public Finance Management Act (2012) outlines the responsibilities of the County Executive Committee Member for Finance, requiring the submission of a comprehensive revised budget estimates to the County Assembly. This includes a budget summary encompassing budget policy, explanations on fiscal responsibility principles and financial objectives, and considerations of previous year's resolutions, alongside detailed budget estimates covering revenue allocations, expenditure breakdowns, loan information, and measures to address previous recommendations.

Essentially, this revised budget serves as a crucial instrument through which the County Government plans, prioritizes, and controls its spending, while also communicating financial information and priorities to stakeholders. It facilitates effective management of financial resources and provides a framework for assessing the efficiency and effectiveness of government programs and services.

II. Revised Fiscal Framework

The county's revised revenue estimate stands at **KSh. 12,982,558,762**, which is an increase from the approved estimates of **KSh. 11,876,978,601**. This revised revenue constitutes the following **KSh. 8,170,280,800** in equitable share, **KSh. 2,320,448,369** in conditional grants, **KSh. 501,737,917** in ordinary OSR, **KSh. 981,068,740** in A-In-A, and **KSh. 1,009,022,936** from other sources including unspent balances. The increase is mainly attributed to CRF and SPA unspent balances for FY 2023/24 and the June 2024 capitation which was received in FY 2024/25.

To *Sustain the GENOWA Agenda for Accelerated and Inclusive Economic Growth*, and adhere with the fiscal responsibility principles, the County Government of Homa Bay has allocated **KSh. 8,041,127,415** and **KSh. 4,941,431,347** for recurrent and development respectively. Therefore, the revised development allocation has increased from **35%** to **38%**, while revised recurrent allocation has decreased from **65%** to **62%** in the First Supplementary Budget for FY 2024/25 compared to the approved budget estimate for FY 2024/25.

Notably, some of the major challenges experienced with the implementation of the budget during the first half of the FY 2024/25 include delays in the release of conditional grants to counties due to lack of prerequisites legislations; sub-optimal OSR performance majorly the A-In-A from health which has been adversely affected by the shift from NHIF and SHA/SHIF and the low economic performance during the Gen-Z revolution.

Table 1 below highlights the revised fiscal framework that highlights how the County Government of Homa Bay has prioritized its revenue mobilization and spending decisions for FY 2024/25.

III. Budget Policies

The County Government of Homa Bay is committed to prudent financial management, efficiency, and effectiveness in resource allocation and utilization to advance the well-being of the citizens and promote socio-economic development. The budget policies for the FY 2024/25 are designed to address the challenges of revenue collection to the optimal level, reduce county pending bills, and reduce the high wage bill. These shall be made possible by ensuring that resources are allocated optimally to achieve tangible results.

3.1 Prioritizing Essential Services and Socio-Economic Development

The FY 2024/25 county budget policies emphasize the alignment of expenditures with strategic objectives to prioritize essential services and drive socio-economic development across the county. By focusing on key sectors such as healthcare, education, infrastructure, and agriculture, the County Government of Homa Bay aims to improve the quality of life and opportunities for all residents, thereby unlocking the Bay's endless potential.

3.2 Sustainable Revenue Generation

In the FY 2023/24, the County Government of Homa Bay's OSR performance was **KSh. 1.2 billion** against a target of **KSh. 1.392 billion**, hence falling short of the targeted revenue. In the first seven months of the FY 2024/25, the county government OSR performance stand at **KSh. 817,105,512** against the target of **KSh. 1.482 billion**. To

Sustaining the GENOWA Agenda for Accelerated and Inclusive Economic Growth

address the challenge of below-target for OSR collection in the FY 2024/25, the County Government of Homa Bay plans to implement comprehensive revenue enhancement strategies. Among these include, but not limited to revising tax policies, enhancing revenue administration systems, introducing tax incentives and leveraging technology for efficient tax collection and compliance monitoring. By maximizing revenue potential and minimizing leakages, the County Government of Homa Bay aims to strengthen the county's financial base and reduce the overreliance on external funding sources.

3.3 Prudent Debt Management and Pending Bills Settlement

As guided by the PFM Act (2012) and other regulations, the County Government of Homa Bay's (CGHB) budget and planning policies prioritize the settlement of legitimate and verifiable pending bills. Importantly, the CGHB intends to adopt prudent debt management practices to prevent the accumulation of arrears. This involves rigorous scrutiny of expenditures to ensure commitments are aligned with available resources and timely payment of obligations. The County Government will also implement debt resolution strategies outlined in the County Debt Management Strategy Paper 2024 to contain county debts while enhancing fiscal stability through a balanced budget. Towards this course, the CGHB has allocated more than KSh. 400 million for settlement of verified pending bills in FY 2024/25.

3.4 Rationalizing the Wage Bill

In the approved budget FY 2025/25, the wage bill accounted for nearly half of the county budgetary allocation, which has since been revised downward to 45%. Notably, addressing the high wage bill (to the recommended 35%) requires a multi-faceted approach including OSR enhancement. Further, the County Government will implement measures to rationalize the wage bill, including a review of staffing levels, restructuring of departments for optimal efficiency, periodic payroll and staff audit, and performance-based remuneration systems, among other lawful measures. These measures will ensure that wage expenses are sustainable and commensurate with service delivery needs.

3.5 Strengthening Compliance with Development Partner Funding

The contribution of development partners towards our county's growth and development cannot be underlined. As a lower middle-income county, we continue to depend on grants from external partners to support our development agenda under Genowa. In the FY 2024/25, CGHB expects conditional grants amounting to over KSh. 2,320,448,369, hence contributing more than 18% of our revenue estimate for the period. The major grant contributors are KISIP II, FLLoCA, NAVCDP, and Community Health Promoters. To enhance compliance with requirements for accessing these development partner funding, the County Government shall strengthen oversight, transparency, accountability, and governance mechanisms. The specific planned actions include timely reporting, adherence to project implementation guidelines, unqualified audit opinion, and effective monitoring and evaluation of funded projects. By improving county performance by utilizing development partner funds, the County Government stands a better chance to maximize the impact of external support directed towards the

county's development agenda, which in turn potentially results in improved service delivery.

3.6 Improving Departmental Efficiency and HR Management

Efficiency in the county departmental structures is essential for effective service delivery. The County Government of Homa Bay undertakes to update its HR records, enhance staffing levels, and implement robust payroll controls to ensure optimal utilization of human resources. By improving departmental efficiency, the County Government can enhance performance and service delivery objectives. Ideally, this move will contribute to improved workforce productivity through a fair remuneration and reward system, the right job-skills match, and motivated human resources.

3.7 Fostering Public Investment Reforms

The role of the public in resource allocation and overseeing public investments cannot be undermined as provided for in the Constitution of Kenya and other legislations. Fragmentation in public investment and inadequate citizen participation in planned and ongoing projects is likely to result in skewed development and other inefficiencies. To ensure continued public engagement on our development agenda, GCHB plans to enact relevant legislation that provide guidelines for public engagements at all levels from the village clusters to the county and sub-county levels. Going forward, the CGHB will adopt a coordinated approach to project planning, implementation, and monitoring, and foster citizen participation in project identification, design, and evaluation. These reforms will enhance accountability and transparency in public investments and ensure that resources are allocated to projects with the greatest impact on community development.

IV. Fiscal Priorities

In FY 2024/25, the County Government of Homa Bay has six key areas of focus for its budget and financial management. They include:

4.1 Maintaining Fiscal Stability

Maintaining fiscal stability remains a top priority for the County Government of Homa Bay. This will ensure that expenditure does not exceed revenues, debt is controlled, and a healthy reserve fund is maintained. Consequently, the County Government undertakes to do the following to realize fiscal stability:

- Observe fiscal sustainability by ensuring budgetary decisions are financially responsible and do not create long-term fiscal challenges.
- Prioritize reducing debt and liability levels, refinancing debt to lower interest rates, and avoiding excessive debt accumulation by appointing a senior officer to be exclusively responsible for that.
- Enhance revenue generation by implementing revenue policies that promote growth, diversification of revenue sources, and pursuit of new revenue streams as spearheaded by the County Revenue Board and the Treasury team.
- Implement cost containment approaches by identifying and eliminating wasteful expenditures (prioritizing non-discretionary expenses), promoting efficiency, introducing austerity measures where necessary, and reducing administrative costs as spearheaded by the Chief Officer, Finance.

4.2 Providing Quality Public Services

Providing quality public services, such as education, healthcare, social, cultural, infrastructure, and food security while maximizing environmental services remains a top fiscal priority for the County Government of Homa Bay. In essence, this involves ensuring that public services are adequately funded to meet the needs of citizens. It is for this reason that 45.7% of the total county government resources have been channeled to the social sector, including health, education and social services in FY 2024/25.

To improve the quality of the public services being offered, the county government undertakes to:

- Conduct a thorough review of existing services to identify areas where the quality-of-service delivery falls short of expectations.
- Develop a service improvement plan based on the feedback received, including timelines, budgets, and performance indicators to measure progress and identify areas that need further attention.
- Provide training and development opportunities for staff to enhance both technical and soft skills training, including customer service and communication skills.
- Invest in upgrading and maintaining infrastructure and equipment necessary for delivering high-quality services including vehicles, communication technology, and other resources needed to support service delivery.
- Develop systems and processes that promote transparency and accountability in service delivery, including tracking and reporting on service delivery performance, establishing a grievance mechanism for service users, and creating a culture of continuous improvement.
- Engage with service users and other stakeholders to get feedback on service quality and incorporate their views into service improvement efforts.
- Develop an interactive project investment management dashboard which is GIS-referenced and complete with grievance redress mechanism systems.

4.3 Investing in Infrastructure:

As outlined in the CIDP 2023-2027, one of the other main fiscal priorities for the Community Government of Homa Bay is to invest in infrastructure, such as roads and bridges. These are considered essential to promoting economic growth and improving the quality of life for citizens. That is why the roads and water departments have been allocated 14% of the county resources despite the huge investments by development partners in the water sector.

To accelerate investment in infrastructure, the County Government undertakes to:

- Develop a comprehensive plan that outlines the infrastructure needs of the county and sets out a roadmap for investment in them over the long term.
- Engage with the private sector to leverage their expertise, resources, and innovation to accelerate infrastructure development through partnerships to design, finance, and deliver infrastructure projects, as well as through leveraging public-private partnerships (PPPs) to share risks and costs.

- Streamline regulatory processes and approvals to reduce delays and facilitate investment in infrastructure, including simplifying regulatory processes, reducing bureaucratic hurdles, and improving coordination with national government.
- Develop innovative financing mechanisms to mobilize additional funding for infrastructure development through municipal bonds, green bonds, and other innovative financing tools to raise capital for infrastructure projects.
- Prioritize sustainability in infrastructure development by incorporating climate resilience, energy efficiency, and green infrastructure into project design and construction.
- Use data and analytics such as GIS mapping to inform infrastructure investment decisions and ensure that investments are targeted to areas of greatest need.

4.4 Promoting Economic Development and Empowerment

Another key priority for the County Government of Homa Bay is promoting local economic development, which involves attracting new businesses, creating jobs, and fostering innovation.

Other than maintaining fiscal stability, improving the quality of public services and investing in infrastructure, the county government undertakes to:

- Create a supportive business environment by streamlining regulatory processes, reducing bureaucracy, and providing access to financing and technical assistance for entrepreneurs and small businesses.
- Invest in workforce development programs that provide training and support to workers to help them gain the skills and knowledge needed to succeed in both the local and international job market.
- Attract investment by creating a pro-business climate that offers incentives for businesses to locate and invest in the county such as tax incentives, infrastructure improvements, and other benefits to attract investment and support economic growth.
- Support entrepreneurship by providing resources and support to help startups and small businesses grow and succeed, including offering access to capital, mentorship, and other support services to help entrepreneurs start and grow businesses.
- Promote tourism by investing in attractions and marketing efforts to attract visitors to the county.
- Support the formation of cooperatives, saccos and SMEs by providing seed capital, equipment, farm inputs to the already formalized and registered cooperatives and saccos.

V. Fiscal Responsibility Principles and Financial Objectives

In adherence to Section 107 of the Public Finance Management Act (2012), the County Government of Homa Bay has upheld a steadfast commitment to fiscal responsibility principles and financial objectives aimed at ensuring prudence, transparency, and sustainability in the management of public resources. Through a comprehensive approach, the County Government has strived to achieve fiscal equilibrium while fostering socio-economic development for improving the general health and well-being of constituents.

5.1 Allocation of Recurrent Expenditure and Development Prioritization

The cornerstone of fiscal responsibility framework for the County Government of Homa Bay lies in the prudent allocation of resources. In the revised FY 2024/25, the CGHB has allocated **KSh. 8,041,127,415** for recurrent expenditures and **KSh. 4,941,431,347** for development expenditures. These allocations represent **62%** and **38%** of the county budget for recurrent and development respectively. This underscores the County Government's commitment to striking a balance between immediate operational needs and long-term growth priorities.

5.2 Compliance with Fiscal Responsibility Principles

In accordance with the Public Finance Management Act (2012), the County Government of Homa Bay remains committed to upholding and adhering to fulfilling the fiscal responsibility principles to safeguard the financial health of the county.

- a) **Recurrent Expenditure Control:** Through its allocative decisions in FY 2024/25 budget proposals, the County Government of Homa Bay has ensured that recurrent expenditure does not exceed the county government's total revenue, thus maintaining fiscal discipline and sustainability. Therefore, the county has allocated **KSh. 8,041,127,415** for its recurrent expenditures in the revised budget estimates for FY 2024/25, which represents 62% of the county budget.
- b) **Development Expenditure Threshold:** Over the medium-term, the County Government of Homa Bay has allocated over thirty percent (35%) of the county government's budget to development expenditure, fostering long-term growth and infrastructure enhancements. In particular, the County Government of Homa Bay has its development expenditure estimates at **KShs. 4,941,431,347** representing **38%** of the total budget for FY 2024/25.
- c) **Wage Bill Management:** The County Government's commitment to fiscal prudence extends to the management of the wage bill, which is capped at a maximum of thirty-five percent (35%) of the county government's total revenue. However, despite having estimates of compensation to employees at 45% in the FY 2024/25, the County Government is dedicated to optimizing staffing levels and implementing performance-based remuneration systems to ensure efficiency and cost-effectiveness so that this fiscal responsibility principle can be complied with over the medium term. The revised county allocation for compensation to employees is **KSh. 5,870,237,286**.
- d) **Borrowing and Debt Management:** For the County Government of Homa Bay, borrowings are strictly utilized for development expenditure purposes, with debt maintained at sustainable levels as approved by the County Assembly. Short-term borrowing will only be restricted to cash flow management and is capped at five percent of the most recent audited county government revenue, as provided in the PFM Act, 2012. The outstanding pending bills is **KSh. 592,635,600**.

VI. Consideration of Previous Year's Resolutions

The County Government of Homa Bay recognizes the importance of continuity and accountability in governance, particularly in fiscal matters. As such, the County Government has carefully considered the resolutions adopted by the County Assembly in the previous fiscal year as part of its budget preparation process. This commitment to

review and implement recommendations is in line with the provisions of Section 135 of the Public Finance Management Act (2012), which mandates the submission of supplementary budget estimates to the County Assembly.

5.1 Settlement of Pending Bills

In response to the County Assembly's resolution, the County Government has prioritized adequate budgetary allocations towards settling pending bills as a first charge to the Medium-Term Expenditure Framework (MTEF) budget for the FY 2024/2025 in which case every department has been advised to allocate at least 20% of their development budgetary allocation (excluding conditional grants) towards servicing the pending bills. By addressing outstanding obligations promptly, the County Government aims to enhance financial stability and credibility while fostering trust and confidence among the stakeholders. Particularly, in FY 2024/25, the County Government has allocated **KSh. 454,206,146** for settlement of verified and legitimate pending bills including historical ones.

5.2 Alignment of Expenditure Priorities with Resources

The County Government of Homa Bay is committed to aligning its expenditure priorities with available resources to prevent the accumulation of pending bills. While ensuring fiscal discipline, the County Government also recognizes the need to explore alternative funding mechanisms such as Public-Private Partnerships (PPPs) and infrastructure bonds within the framework of the Public Finance Management Act, 2012, and with the approval of the County Assembly. Besides, the County Government has improved OSR forecasting to avoid over projection.

5.3 Completion of HR and Payroll Audit

The County Government is actively working towards completing the ongoing HR and payroll audit within FY 2024/25. The submission of the final audit report to the relevant committee will provide valuable insights into staffing and payroll management practices, enabling the County Government to make informed decisions to enhance efficiency and accountability.

5.4 Recruitment Freeze and Critical Vacancies

In line with the resolutions of the County Assembly of Homa Bay, the County Government of Homa Bay has implemented a freeze on further recruitment until the completion of the final HR audit report. Only critical vacancies deemed necessary for essential service delivery may be filled by the County Public Service Board but only if supported by financial resource availability. This measure aims to mitigate the escalation of the wage bill, ensuring prudent financial management and resource optimization.

VII. Revised Revenue Projections and Resource Envelope

Revised Expected Revenues

The revised expected revenue for FY 2024/25 projects a total county resource envelope of **KShs. 12,982,558,762**, representing a marginal growth of 9% compared to the approved estimates for FY 2024/25. The growth is primarily attributed to an upward trend in conditional grants, OSR improvement, and the expected equitable share of shareable national revenue. The revenue performance in the medium-term demonstrates

a modest growth trajectory, with equitable share revenue and OSR expected to increase marginally. However, donor support through conditional grants is expected to decline considerably since many of the current grants are in their final years. This is summarized in table 2 below:

Table 2: Revenue Estimates for the FY 2024/2025

Revenue/Expenditure Category	Approved Estimates II FY 2023/24	Revised Estimates FY2024/25

Revised Conditional Grants

Essentially, conditional grants are financial resources provided by the national government and other development partners for specific development purposes. The grants are typically accompanied by conditions or requirements that must be met before the funds can be disbursed or expensed. These conditions can include meeting certain performance targets, implementing certain policies or reforms, or complying with specific regulations. In FY 2024/25, the revised expected conditional grants amount to **KSh. 2,320,448,369**.

Table 3 below shows the breakdown of the expected conditional grants by source and project.

Own Source Revenue (OSR)

OSR are funds that are generated by the county government through various sources, rather than those being provided by the national government or external partners. Primarily, they include local taxes (property tax, business tax, hotel tax, entertainment tax, and other taxes authorized by the law); fees and charges for services such as issuing licenses and permits, providing approval services, or garbage collection; rent for county-owned properties and leasing out of public land and buildings to private entities; fines and penalties imposed for violations of county laws and regulations; and donations and grants from private individuals, non-governmental organizations, and other sources to support specific projects or initiatives. Table 4 below provides the breakdown of the OSR estimates by streams.

XI. Debts, Deficits and Liabilities

In FY 2024/25, the County Government of Homa Bay aims to maintain a balanced budget, prioritizing fiscal responsibility and prudent financial management. Borrowing, if necessary, will be guided by the Debt Management and Strategy Paper of 2024, ensuring careful consideration of reasonable cost of debt and risks associated with the same. Despite struggling with a huge historical debt portfolio, efforts to settle the bills are being intensified by the government. Implementation of debt resolution strategies outlined in the Debt Management Strategy, alongside exploration of alternative financing mechanisms such as Public Private Partnerships (PPPs), Joint Ventures (JVs), and Grants will ensure that the budget financing attracts very minimal shortfalls.

X. Conclusion

The highlights of the revised MTEF revenue and expenditure estimates for the FY 2024/25 reflect a comprehensive strategy aimed at promoting fiscal sustainability and driving socioeconomic development within our county. Through prudent financial management and strategic allocation of resources, the County Government of Homa Bay aims to prioritize essential services, foster economic growth, and enhance the well-being of citizens. The proposed budget underscores the County Government's commitment to aligning expenditure with strategic objectives, boosting revenue generation through innovative measures, and optimizing available resources to achieve tangible results. As these estimates are presented to the County Assembly for approval, the County Government remains steadfast in its dedication to transparency, accountability, and inclusive governance, ensuring that every decision reflects the best interests of our community and paves the way for a prosperous future.

VOTE 5120: DEPARTMENT OF FINANCE AND ECONOMIC PLANNING

A. VISION

The department envisions 'excellence in economic planning and financial management for inclusive and sustainable prosperity.'

B. MISSION

The department exists 'to build and preserve excellence in economic planning and financial management through optimal resource mobilization, allocation and utilization to ensure inclusive and sustainable development'.

C. PERFORMANCE OVERVIEW AND CONTEXT FOR BUDGET REVISION

The Department of Finance and Economic Planning is mandated to manage the financial resources of the county government and promote economic growth and development, with a focus on maximizing the efficient use of resources and ensuring transparency and accountability in financial management.

During the FY 2023/24, the department was allocated a total of KShs.788,177,676 consisting of KShs.751,734,280 for recurrent and KShs.36,443,396 for development. Out of that allocation, the department was able to realize a number of outputs as follows:

- Prepared and submitted all budget documents including CADP, CBROP, CFSP, CDMSP and Annual Budget Estimates;
- Conducted Public Participation and generated relevant reports therefrom;
- Raised OSR amounting to upwards of KShs.1 billion;
- Trained Revenue officers and transitioned to a fully automated revenue system;
- Successfully requisitioned exchequer releases and facilitated transfers to spending entitlements;
- Generated timely reports on revenue and expenditure, including budget implementation reports;
- Trained finance staff on IPSAS including the transition from cash to accruals basis; and
- Facilitated payment of salaries, mortgage and other allowances.

In the course of implementing the FY 2023/24 budget, the department has had to grapple with a number of challenges namely:

- **Economic Volatility:** The county treasury has had to grapple with late exchequer releases attributed to unpredictable fluctuations in economic conditions, such as changes in inflation rates, exchange rates, and commodity prices occasioned by fluctuations in global and national markets, natural disasters, and other unforeseen events.
- **Under-Performance of ordinary Own Source Revenue (OSR) Collection:** This has resulted from weak enforcement mechanisms, inadequate revenue collection systems, and poor taxpayer compliance which undermines the county's ability to fund its programs and projects effectively.
- **Wage Pressure:** Personnel emoluments constitute a significant portion of the county's budget leaving insufficient funds for development projects and other essential services. This is largely due to over-staffing in some cadres, high salary scales, and inefficiencies in the payroll system.

- **Inadequate Technical Capacity:** The county continues to suffer a lack of skilled personnel, resources, and expertise necessary to manage some functions effectively. This gap has resulted in poor financial management, inefficient service delivery, and sub-optimal use of resources.
- **High Citizen Expectations:** There is very high public expectation on the county government in comparison to the available resources leading to dissatisfaction of the citizens whenever there are delays in implementation.

To address the challenges undermining the performance of the county department of finance and economic planning, several mitigation strategies are essential. Firstly, diversifying revenue sources, investing in robust economic forecasting tools, and developing contingency plans are crucial to manage economic volatility. Enhancing enforcement mechanisms, modernizing collection systems, and conducting taxpayer education campaigns will strengthen OSR collection.

To manage wage bill, conducting staff audit, implementing performance-based pay, and outsourcing non-core services can ensure optimal staffing and reduce costs. Addressing inadequate technical capacity involves continuous capacity-building programs, recruiting skilled professionals, and establishing partnerships with relevant institutions. Finally, effective communication with citizens, participatory budgeting, and focusing on incremental improvements will help manage high citizen expectations and build trust in government initiatives.

For the FY 2024/25, the department was allocated KSh.946,510,694 this includes KShs. 866,759,240 for recurrent expenses and KSh238,935,539 for development expenses. During the first supplementary, the department has been allocated KSH. 1,000,298,083 this includes KSH575,859,240 for recurrent expenses and KSh424,438,843 for development expenses.

Under planning, budgeting and development coordination services programme, the county department of finance and economic planning will direct the KShs. 37,519,485 allocated towards: developing the statistical abstract, establish the county data Centre in the planning unit preparation of County Budget Review and Outlook Paper (CBROP), County fiscal strategy paper (CFSP) and County debt management strategy paper (CDMSP); generation of quarterly budget implementation reports; facilitation of public participation in preparation of sectoral plans and annual budget estimates for the FY 2025/2026. Operationalization of the SDG unit, CIDP review. Capacity building of the new staff on the planning and the budgetary process

Under revenue generation and resource mobilization services programme, the directorate has been allocated KShs. 28,486,600 that will be directed in developing the policies and legal framework that is geared towards optimizing revenue collection, facilitating the revenue system and capacity build the revenue staff

Under financial management services programme, the allocation of KShs. 285,607,485 will be directed towards off setting pending bills worth KShs. 253,900,000, Emergency fund worth KShs. 34,935,539 and operationalization the procurement and the financial reporting sections.

Sustaining the GENOWA agenda for accelerated and inclusive economic growth

VOTE 5122: COUNTY PUBLIC SERVICE BOARD

A. VISION

The board envisions 'Excellence in Public Service Delivery and Management for County Transformation'.

B. MISSION

The board exists 'to provide overall leadership and coordination in the management of the County's human resources for effective service delivery.

C. PERFORMANCE OVERVIEW AND CONTEXT FOR BUDGET INTERVENTION

The County Public Service Board is mandated to manage the county public service; promote national values and principles; enhance staff productivity and morale, as well as attract and retain the best talent in the County Public Service. Additionally, it is mandated to establish and abolish offices in the county public service.

During the FY 2023/2024, the board managed to achieve the following;

- **Recruitment and Selection:** The Board has made significant strides in ensuring that recruitment and selection processes are fair, transparent, and competitive. In this respect, the Board has been able to approve the establishment of 7 new offices in the County Public Service; competitively fill 31 senior positions in the public service, including those of chief officers and directors; approve the appointment of 86 health personnel and filling of 7 offices under the Office of the Governor and 3 offices under the Department of Finance and Economic Planning.
- **Performance Management:** The Board has put in place a robust performance management system to evaluate employee performance, identify their development needs, and offer rewards and recognition for high performance. In this respect, the Board has been able to confirm a total of 869 EYE teachers employed in 2014 to permanent and pensionable terms, subject 19 officers to disciplinary proceedings according to established rules, made determination on PWC report as per the category, and facilitate re-designation of 23 officers and inter-government transfer of 3 officers.
- **HR Information Management:** The Board has invested in HR information management systems to enhance the accuracy and efficiency of data management. In this respect, the Board is finalizing verification of details of each employee as confirmed through the payroll audit.

Although, the board has been consistent in discharging its mandates, it has faced challenges such as budget constraints, which have limited the Board's ability to implement certain programs and services; staffing shortages in critical departments, leading to increased workloads and delays in service delivery and inadequate office accommodation, which has made it difficult to keep staff and information within safer environments.

To cope with those challenges, the Board has had to adopt cost-saving measures, rationalizing some expenditure while also seeking alternative sources of funding to ensure critical services are provided. The Board has also had to outsource some functions while also training existing staff to multitask and take greater responsibilities. Ultimately, the Board has been able to implement a strategic staffing plan that prioritizes recruitment and retention of staff in critical departments, and has implemented cross-training programs to address staffing shortages.

During the FY 2024/25, the County Public Service Board has identified the following investments that will impact its budget:

- a) Investments in efficient and transparent recruitment processes, including advertising vacancies, conducting interviews, and administering examinations, to attract qualified and competent individuals to join the public service.
- b) Investments in training and development programs that enhance the skills, knowledge, and competencies of public service employees, ensuring they are equipped to effectively perform their duties.
- c) Investments in performance appraisal systems, goal-setting mechanisms, and reward and recognition programs to promote a culture of performance excellence and accountability within the public service.
- d) Investments in competitive and fair remuneration packages, including salary scales, allowances, and benefits, to attract and retain talented individuals in the public service.
- e) Investments in development and enforcement of a code of conduct and ethics within the public service, promoting integrity, professionalism, and ethical behavior among employees.
- f) Investments in implementation and maintenance of modern systems, technologies, and digital platforms that enhance the efficiency and effectiveness of public service operations, including human resource management systems and e-recruitment portals, and
- g) Investments in knowledge-sharing platforms, databases, and learning programs to facilitate the exchange of information, best practices, and lessons learned among public service employees.

In the FY 2024/2025, the department was allocated **Kshs 69,457,403** which was entirely for recurrent expenditure. However, during the 1st supplementary budget review process, the overall allocation for the Department has been revised downwards from **KShs 69,457,403** to **KSh. 68,357,403** which amounts to a reduction of **Kshs 1,100,000**.

The **KShs. 68,357,403** allocated to the department for FY 2024/205 is distributed as follows:

- Under the general policy, planning and administrative services programme, **KShs. 67,262,743.00**.
- Under the personnel sourcing, management and development services programme, **KShs. 1,094,660**.

VOTE 5123: COUNTY ASSEMBLY SERVICE BOARD

A. VISION

The County Assembly of Homa Bay envisions being 'A modern County Assembly that offers excellence in service delivery and leadership for the people of Homa Bay County.'

B. MISSION

The Assembly exists 'To exercise its legislative, oversight, representation and outreach functions effectively within the framework of the Kenyan Constitution and working with all those committed to building a productive and prosperous Homa Bay County.'

C. PERFORMANCE OVERVIEW AND CONTEXT FOR BUDGET INTERVENTION

County Assembly Mandate

The County Assembly is mandated to create avenues for representation of residents of respective wards, making of laws and policies necessary for the effective performance of county functions and oversight of the County Executive. This includes approval of plans and policies, vetting and approval of nominees for appointment to county offices, considering budget estimates and approval of borrowings by the County Government.

Performance Overview

The County Assembly Service Board was allocated KSh. 1,169,724,894 in the printed budget estimates for FY 2024/2025, with KSh. 1,027,160,105 set aside for recurrent expenditure while KSh. 142,564,789 was to be utilized for development expenditure. Out of the recurrent allocation, KSh. 60,000,000 had been set aside for the County Assembly Mortgage loan facilities and a further KSh. 10,000,000 towards settlement of pending bills. With this allocation, the County Assembly has been able to ensure timely procurement of goods and services which has enabled a continuous flow of service delivery with various offices of the Assembly operationalized. Further, the County Assembly has put structures in place for the proposed construction of MCA Ward Offices which are at various stages. Once completed, the Ward offices should ensure ease of access of various services by the citizens in addition to reducing the cost of renting/leasing office spaces. Finally, the County Assembly has undertaken renovation of the assembly premises including the plenary chambers and committee rooms, thereby creating a conducive work environment for members to conductive business and to advance their legislative and oversight roles.

Context for Budget Revision

In the revised budget estimates for FY 2024/2025, the County Assembly has been allocated a total of KSh. 1,298,903,242 with KSh. 1,027,402,909 set aside for recurrent purposes and KSh. 271,500,333 for development expenditure. This budget revision takes into account and re-appropriates balances brought forward from the FY 2023/24 of KSh. 129,178,348 broken down as follows; KSh. 242,804,160 recurrent and KSh. 128,935,544

for development expenditure. In addition, the revision of the budget has been underpinned by budget implementation and utilization trends that has necessitated realignment of votes in compliance with the fiscal responsibility principles. With this allocation, the County Assembly Service Board will continue to efficiently utilize its resources to strengthen various County Assembly offices, capacity-build Members and staff so as to enhance efficient legislation and oversight, and to embrace the use of modern ICT equipment and technology in its operations.

Specifically, the County Assembly Service Board has re-appropriated KSh. 80,000,000 for the completion of phase one of the MCA Ward Offices, KSh. 11,935,544 for settlement of various pending bills and KSh. 20,000,000 for payment of works done on the upgrading of the Hansard System in the committee rooms. Further, KSh. 80,000,000 has been set aside for the construction of Ward Offices in the second phase while KSh. 50,000,000 will be utilized for fencing of all ward offices.

D. PROGRAMMES AND THEIR OBJECTIVES

PROGRAMME	OBJECTIVE
P1: Legislative services	Support effective development of legislation, regulations and policies and provide a sustainable legal framework for public administration and relationships within/between government entities.
P2: Oversight and Control Services	Ensure proper determination, mobilization and utilization of county resources as well as management of risks and preparation of appropriate capital structure for sustainable operations of the County Government
P3: Ward Representation Services.	To facilitate structured public engagement at the ward for effective and efficient representation.
P4: Policy, Planning and Administrative Support Services.	Coordinate institution-wide service delivery and align operations to set standards; support and encourage generation/implementation of new ideas and promote consultation, prioritization and development of structures for effective representation, oversight and legislation.

VOTE 5124: HOMA BAY MUNICIPAL BOARD

A. VISION

The Board envisions "A municipality of choice for all to invest, work, live and prosper in."

B. MISSION

The Board is working "To make Homa Bay Municipality more attractive and sustainable through effective policy formulation and implementation".

C. CONTEXT FOR BUDGET REVISION

The Board was created to give effect to article 184 of the constitution, which provides for the classification, governance and management of urban areas and cities. Ultimately, the Board was mandated to make Homa Bay Municipality more attractive and sustainable through effective policy formulation and implementation.

The Board's success has often been hampered by lack of adequate technical and support staff and under funding; lack of understanding of provisions of UACA and the Homa Bay municipality charter by key stakeholders thus leading to failure to hand over the functions of the municipality fully; bureaucratic challenges in payment of projects and procurement processes leading to delayed implementation; inadequate office space and working tools and equipment.

The department through the Agriculture Sector Development Programme (ASDP) supported 2,634 value chain actors in sorghum with 400 Kg, 250 granular based sea weed organic fertilizer, Liquid based sea weed organic ferry 70 litre, long chain fatty alcohol

Sustaining the GENOWA agenda for accelerated and inclusive economic growth

based reflectant antitrapirant 80 litre, 8 Sorghum grains Digital Weighing scales, 8 Moisture tester, 8 Racks, 8 Sorghum Bag Sealing machines, 2 Sorghum Posho Mill, 8 Sorghum Weighing Scales, 2 sorghum package Sealer, 40 Turpurlines and 500 PIC bags and 3 sorghum threshers.

The Department's success has often been hampered by inadequate allocation and failure to release funds for the implementation of the sectoral activities; late disbursement of funds to the departments thus hampering implementation of planned activities; loss of inputs through sale to other regions; low adoption of modern production technologies; limited number of technical extension staff; inadequate utility motor vehicles, motor cycles and boats; low funding levels; inadequate reliable input supply chains; slow payment of pending bills; lack of strong farmer organizations; high cost of production; pests and diseases, natural disaster etc.

Going forward, in bid to address these challenges, the Department shall: prioritize projects and programs of great impact to the residents; develop policies that will instill penalties; budget for pending bills and promote prompt payment on a FIFO method; develop reliable linkages to markets access; leverage Public-Private Partnerships to develop alternatives to purely public and philanthropic investments; promote awareness of climate smart agriculture to enhance food production and encourage environmentally friendly farming practices.

In FY 2024/25, the department was allocated a total of **KShs. 473,019,173** which includes **KShs. 210,480,293** for recurrent and **KShs. 262,538,880** for development purposes to fulfill specific programmes and address pressing needs and achieving desired results and outcomes.

During the first supplementary budget review for the FY 2024/25, the overall budget for department has gone up from **KSh. 473,019,173** to **KSh. 628,650,734** as the new budget ceiling that the department needs to plan with. Out of which **KSh. 234,742,815** to be allocated towards recurrent expenditure compared to **KSh 210,480,293** as the printed estimates for recurrent expenditure an indication of slight increase in the current expenditures while **KSh 393,907,919** set aside to support capital investments compared to **KSh 262,538,880** allocated for the same purpose in the original budget an indication of increase in allocations towards development expenditure respectively.

For the department to implement priority programmes funded through the conditional grants earmarked for the County, the department is expected to factor the balances brought forward by the end of FY 2023/24 under NARIG and NAVCDP in the current budget and fulfilling our obligation as county providing counter-part funding for NAVCDP of **KSh. 15,000,000**

Revised Outputs for the FY 2024/25

Under the *Policy, Planning, General Administration and Support Services*, the department has been allocated for remuneration of staff at **KShs. 216,013,986** while for routine operations the department has allocated **KShs. 18,728,829**

Under the *Crop, Land and Agribusiness Development Services*, the Department plans to invest **KShs. 20,499,430** for improvement and operationalization of Kendu Bay Agricultural Show ground and **KShs. 953,633** as balance brought forward from **NARIG**

Under the *Food Security Enhancement Services*, the Department plans to invest **KShs. 5,000,000** for construction of Ramula Cereal Depot, **KShs. 288,930,558** for National Agricultural Value Chain Development Project (**NAVCDP**) comprising of **KShs. 151,515,152** as conditional allocation from National Government for the Fiscal Year under review, **KShs. 5,000,000** County contribution and **KSh. 132,415,406** as balances brought forward from FY2023/24. Also department allocated **KShs. 10,918,919** as additional conditional grant for Kenya Agriculture Business Development Project (**KABDP**) and **KSh. 43,000,000** towards purchase farm inputs.

Under the *Livestock Development Services*, the Department shall invest in Livestock Infrastructure Development system services at **KShs. 7,844,379** by establishing 3No. Livestock Sale Yard (Cattle ring) at Nyakwere, Nyangweso and Kipasi, **KShs. 10,500,000** for construction of 3No. Ndhiwa, Rangwe and Magunga Slaughter House. **KShs. 6,261,000** has been allocated towards settlement of various pending bills accrued.

In the FY 2023/24 and half year 2024/25, the department realized the following milestones: developed and operationalize Roads and Transport policy framework; developed and operationalized strategic development Plan 2023-2027; acquired 3 No. of Motor Cycles 175cc ; opened 279.2kms new ward roads, maintained close to 155.9km of existing county roads, rehabilitated 23.6km of rural access roads connecting schools, beaches and markets, maintained 1 No. motor grader, 1 No. excavator, 2 No. steel wheeled rollers and 2 No. Tipper; constructed 1 No jetty at Homa Bay pier in partnership with Kenya Ports Authority; initiated the process of constructing the 2 No bridges; acquired 1 No. motor grader and 1 No crawler excavator. The department also provided technical support services to other departments including design and approval of plans.

In the approved for the FY 2024/2025, the department was allocated KSh. 1,047,359,686 representing 9% share of the total County budget out of which KSh. 157,385,190 meant to support current related expenditures representing 2% of the total County recurrent budget and KSh. 889,974,496 set aside for capital expenditures representing 21% of the total County development budget.

However, during the first supplementary budget review process, the overall budget for the department has been revised downwards from KSh. 1,047,359,686 to KSh. 830,385,190 out of which KSh. 155,385,190 has been allocated towards recurrent expenditure and KSh. 675,000,000 towards capital expenditure.

The budget revision has been occasioned by several factors ranging from the withdrawal of Road Fuel Levy grant amounting to KSh. 177,974,496 from the County Government Additional Allocations Act 2024 County, withdrawal of the Finance Bill 2024 that was meant to allocate more financial resources to Counties and the need by County Government of Homa Bay to address other emerging socio-economic challenges amongst its citizens.

Revised Budgetary Allocation and Expected Outputs for the FY 2024/25

The Department has allocated **Ksh.155, 385,190** under general administration, planning and support services programme. The key expenditure priority areas will include timely staff remuneration; enhance staff's capacity; support operations; development and operationalization of the Strategic Plan and Public Works Policy; facilitate routine project monitoring and fast-track the implementation of the performance management plan.

The Department has allocated **KSh. 82,000,000**, under Public Works and Infrastructure Development Services Programme. Priority focus will be towards acquisition of 1 Lowbed; 1Backhoe; construction of Kawere, Ogingo and Kajie bridges and construction of Rota culvert.

Finally, the Department has allocated **KSh. 593,000,000** under Road Development and Rehabilitation Services Programme to support in opening of new ward road; payment of pending bills; improving access to beaches, schools and health facilities and maintenance of Lwar-Orire Road, Kabondo-Orandi-Ojonde-Got Rachar Road ,Wanyama Primary-Kiumba Beach Road and improving the condition of other county roads

VOTE 5128: DEPARTMENT OF BLUE ECONOMY, FISHERIES, MINING AND DIGITAL ECONOMY

A. VISION

The department envisions 'An innovative, commercially-oriented and modernized blue economy, fisheries, and mining sector supported by a vibrant digital economy'.

B. MISSION

To unlock and expand the minerals and blue economy to unleash its full economic potential and harnesses the power of technology and innovation to achieve the full potential of the fourth industrial revolution (4IR) and sustainable development.

C. PERFORMANCE OVERVIEW AND CONTEXT FOR BUDGET REVISION

The department's mandate is to manage and protect the county's blue economy, fisheries, mining and digital sectors while promoting innovation, growth and equitable access to development opportunities.

The Department was instituted in the FY 2022/23 and over the period it has: improved management and protection of lake resources through promotion sustainable fishing practices in partnership with Beach Management Units; identified policies and regulations to support the growth of the fisheries, mining, and digital sectors; encouraged innovation and technology adoption in all government sectors, leading to increased efficiency and productivity; facilitated equitable access to aquaculture opportunities, thus reducing pressure on the capture fisheries resources; promoted inter-county and inter-national cooperation and partnerships across the Lake Basin to address shared challenges and opportunities in Lake Victoria.

Despite the above achievements, the department had to contend with a number of challenges among them overfishing and unsustainable exploitation of resources in the lake and along the riparian areas; environmental degradation and pollution from sand mining activities; inequitable access to digital resources, leading to social and economic disparities; limited technological and human resource capacity in these sectors; inadequate legal, institutional and policy frameworks.

Going forward, the Department has laid mitigation measures to these challenges which include: implementation of science-based management and conservation measures for marine resources; strengthening environmental regulations and promoting sustainable mining and fishing practices; ensuring equitable access to resources through inclusive policies and community engagement; investing in research and development to enhance technological and human resource capacity and promoting inter-agency coordination and stakeholder engagement to address governance challenges.

In approved budget estimates for FY 2024/2025, the department was allocated a total of **Kshs. 184,589,817**; which included **Kshs. 90,898,817** for recurrent and **Kshs. 93,691,161** for developments purposes. During the First Supplementary Budget, this has been revised upwards to a total of **Kshs. 203,089,978** comprising of **Kshs. 124,398,817** for Recurrent and **Kshs. 78,691,161** for Development.

- Under the *General Administration, Planning and Support Services Programme*, the department takes care of Staff remuneration and welfare together with routine office operations, This FY the Department intends to hold BMUS Election and hold World Fisheries Day.
- Under the *Blue Economy and Fisheries Resources Development Services Programme* the funds will be channeled towards, construction of 10 Pit latrines, Purchase of Agricultural materials (Predator Nets, Bird Nets, Pond Nets,), Landscaping and beautification of the beach front and Construction of Beach Front Promenade.
- Under the *Mineral Resources Development and Marketing Services Programme*, the department plans to undertake Development of Artisan Mining and Mapping of Mineral Resources.
- Under the *ICT and Digital Economy Development Services Programme*, the department will channel resources towards the Development of ICT Infrastructure and Digital Literacy and Skills Development Services

VOTE 5129: DEPARTMENT OF EDUCATION, HUMAN CAPITAL DEVELOPMENT AND VOCATIONAL TRAINING

A. VISION

The department envisions 'a globally competitive education, training, and innovation for sustainable development.'

B. MISSION

The department exists 'to provide, promote and coordinate quality education and training, integration of information, communication, technology, and innovation in a sustainable socio-economic development process.'

C. PERFORMANCE OVERVIEW AND CONTEXT FOR BUDGET REVISION

The department is mandated to implement curriculum programs that are play-based, child-centered and promote social and emotional development and support early literacy and numeracy skills; ensure teachers are well-trained and equipped to provide high-quality early childhood education; promote engagement of parents and families in early childhood education; ensure early childhood education programs meet high standards of quality and effectiveness; deliver programs that provide hands-on training, job-specific skills, and industry certifications through classroom instructions, on-the-job training, and apprenticeships; develop partnerships with employers and industry groups to ensure training programs are aligned with the needs of the industry and the labour market and; provide industry-recognized credentials to individuals who complete vocational training programs.

During the previous FY 2023/2024 and last two-quarters of the current FY 2024/2025, the department was able to improve infrastructure in learning institutions by constructing 163 No EYE classrooms through labour-based initiatives, provided bursaries and scholarship funds for needy and vulnerable students to 60,996 beneficiaries and supplied assorted teaching, training, and learning materials to the 886 EYE centres and 35 VTCs. Further, the department has enhanced collaboration with development partners to realize more infrastructure development, acquisition of teaching and training materials and capacity building of staff for learning centres. Additionally, the department has been undertaking routine field assessments in all learning institutions while pursuing their ongoing ward-based projects and settling pending bills. The pending payments are mainly for the completed construction works.

However, during the implementation of the programmes, the department encountered several challenges that undermined the achievement of the set objectives, which included the untimely release of development funds by the county treasury; and inadequate funding

VOTE 5130: DEPARTMENT OF PUBLIC HEALTH AND MEDICAL SERVICES

A. VISION

The vision of the county department of health is to become and remain a county free of preventable diseases and controllable ill health.

B. MISSION

The Mission of the Department is to provide sustainable, technologically driven, evidenced-based and client-centered healthcare services.

C. PERFORMANCE OVERVIEW AND CONTEXT FOR BUDGET REVISION

The department is mandated to build a progressive responsive and sustainable technology-driven, evidenced based and client-centered health system for accelerated attainment of the highest standards of health to the people of Homa Bay County. To achieve the rising cases of Non-Communicable Diseases, and Maternal Neonatal Child and Adolescent morbidity, the department is committed to strengthening its domestic health financing strategy through Operationalization of its FIF Act, 2023.

Summary of Achievements

The achievements during FY 2023/24 period includes: establishment of Health Facility Improvement Financing Act, 2023, harmonization of FIF Act, 2023 with SHIF (on-going), elevation of the county hospital to a level 5 facility, improved sanitation with 325 villages declared ODF, Mass distribution of Long-Lasting Insecticide treated nets, operationalization of the mobile clinic for Outreaches, refurbishment of maternity and newborn unit at county referral hospital, procurement of linen, purchase of anesthetic machine for HBCTRH, improved coverage for services, improved commodity stock rate from 40% to 70% and completion of various ward projects.

During the implementation of her mandate, the department has experienced challenges such as rising pending bills, tightening fiscal space from country treasury that has greatly impacted the implementation of programs and activities in the department, low staffing levels in comparison to the existing number of health facilities, delayed reimbursement of NHIF, delayed release of funds from county treasury to facilities, and reduction on donor funding. To address these challenges, the department will strengthen policy framework & implementation of FIF Act, 2023, sensitize & register households on SHIF, strengthen collaboration with various stakeholders including private partners, enhance capacity of health facilities both infrastructure development & equipment and improve working conditions to ensure quality service delivery.

Sustaining the GENDWA Agenda for Accelerated and Inclusive Economic Growth

For the fiscal year 2024/2025, the department was allocated KSh.2,914,718,389, which included KSh.2,594,718,389 for recurrent expenses and KSh.320,000,000 for development. In the first supplementary budget, the total allocation was increased to KSh. 3,063,677,179 with KSh.2,726,677,179 designated for recurrent expenses and KSh.337,000,000 for development.

Context for budget revision FY2024/25

During the revised budget estimates for FY 2024/25, the department has allocated its financial resources as follows:

- Under policy planning and administrative support services programme, the KSh.2,275,707,453 allocations shall be directed towards payment of salaries of health workers and administrative support at KSh.2,259,667,453; Policy, Planning and Monitoring Services at KSh.16,040,000.

VOTE 5131: DEPARTMENT OF LANDS, HOUSING, URBAN DEVELOPMENT AND PHYSICAL PLANNING

A. VISION

The department envisions "excellence in land management, proper housing and physical planning for sustainable development of Homa-Bay County."

B. MISSION

The department exists 'to facilitate improvement of the livelihood of Homa-Bay County residents through efficient administration, equitable access, secure tenure, proper housing and sustainable management of Land resource.'

C. PERFORMANCE OVERVIEW AND CONTEXT FOR BUDGET REVISION

The mandate of the department is to promote equitable and sustainable use of land, provide affordable housing, and plan and develop liveable and resilient urban spaces. This means having a spatial framework to guide and control development in the county, improve housing conditions, establish and strengthen urban institutions towards sustainable urbanization, implement local/national and international obligations in the field of human settlement management, build climate resilience of the urban poor, spearhead sustainable urban lakefront planning and development and improve service delivery and coordination of department wide functions, programs and activities.

Summary of Achievements FY 2022/23- FY 2024/25

During the FY 2022/23-23/24, the department has been able to construct an Ablution Block at the Lands Office; prepare an inventory of all public lands, a valuation roll for Homa Bay Municipality; settle pending bills related to the GIS Lab and SymbioCity Change Project; process land ownership for the affordable housing project in Homa- Bay Municipality, the proposed Tom Mboya TTC in Rusinga Island, the proposed Sports Talent Centre in Ndhiwa, the proposed Cultural Centre in Kagan, the renewable Energy Centre in Marindi and the industrial Park in Riwa- Karachuonyo; grant charters to additional four municipalities in the county; improve informal settlements in Kijijini Kendu-Bay and Ndhiwa through planning and Land Tenure; acquire land for future development; renovate the deputy governor's residence, acquire a survey equipment, recruit laborers under the Labour Intensive Community Work in KISIP 2 Socio-Inclusion Component, complete the Homa Bay Land Information Management System with public land for 9 towns digitalized.

Sustaining the GENDUWA Agenda for Accelerated and Inclusive Economic Growth

Challenges and Mitigation Measures

In the course of implementing the FY 2022/23- FY 2023/24 budget, the department had to deal with a number of constraints and challenges, including inadequate technical staffing levels especially for surveyors, physical planners and valuers; lack of vehicles for field work which hinders revenue collection as well as survey and planning of field work; delay in disbursement of funds from the national treasury resulting into delay in settlement of pending payments for work already done; and inadequate coordination with National Government and other actors on matters land.

To deal with the aforementioned challenges, the department has prioritized the implementation of land use policies and regulations to ensure equitable and sustainable use of land; identification and acquisition of suitable land for housing and development through land banking and partnerships with private sector developers; diversification of funding sources through public-private partnerships, international development agencies, and innovative financing mechanisms such as land value capture; promotion of public-private partnerships to mobilize resources and increase housing and infrastructure development; lobbying for additional funding and resource allocation for key development projects; and establishment of effective coordination mechanisms among stakeholders, such as interagency committees and public participation platforms.

Planned Outputs for the FY 2024/25

In the approved budget estimate for FY 2024/25, the department was allocated KSHs. 1,154,334,334 consisting of KSHs. 1072,020,992 and KSHs. 82,313,342 for development and recurrent expenditure respectively. In the first supplementary budget estimate, the amount has since been revised to KSHs. 1,325,911,468 including KSHs. 82,313,342 for recurrent and KSHs. 1,243,598,126 for development.

- Under *Lands and Physical Planning Services Programme*, the KSHs. 38,286,020 will be geared towards Development of County Spatial Plan for KSHs. 10,500,000; Acquisition of Land for KSHs. 6,786,020; Digitization of land records; KSHs 7,000,000 Pending Bills for KSHs 14,000,000

VOTE 5132: DEPARTMENT OF TRADE, INDUSTRY, TOURISM, COOPERATIVE DEVELOPMENT AND MARKETING

A. VISION

The department envisions being 'A leading department in driving sustainable socio-economic transformation through tourism, investment, industrialization, and entrepreneurial growth for a prosperous and inclusive county economy.'

B. MISSION

The department exists 'To catalyse and accelerate the industrialization of Homa Bay County through enhancing business environment, supporting entrepreneurial growth, improving tourism and investment offerings, stimulating sustainable industrial and cooperative development for efficient service delivery.'

C. PERFORMANCE OVERVIEW AND CONTEXT FOR BUDGET REVISION

The department's mandate is to promote, coordinate and implement integrated socio-economic policies and programmes for a rapidly industrializing economy. This will be achieved through business environment improvement, promoting the growth of entrepreneurs and improving governance, marketing, and investment; stimulating sustainable industrial and cooperative development through value addition, tourism, industrial research, technology and innovation and creating an enabling environment for investment; and ensuring efficient service delivery through prudent management of public resources.

Summary of Achievements

In the FY2023/2024 and half year 2024/25, the department achieved significant milestones, including hosting an international investment conference from February 27th to 29th, 2024, themed "Unlocking the Bay of Endless Potential." This event attracted over 3000 delegates and nine investors, leading to the signing of MOUs worth approximately KShs. 17.3 billion. The department also facilitated the gazette of Riwa as a Special Economic Zone on January 23rd, 2024, under the Special Economic Zones Authority Act of 2015. Additionally, the successful Miss Tourism beauty pageant was held, starting with sub-county auditions on October 13th, 2023, and culminating in the final event in November at Tourist Hotel, Homa Bay.

Further accomplishments included initiating the development of phase 1 of Lake Simbi Nyaima, collaborating with the National Government on the County Aggregation and Industrial Park at Riwa, and formulation of the County Cooperatives Policy. The department registered 120 new cooperative societies, revived ten, and conducted public sensitization forums for various groups, leading to the formation of numerous new societies. Moreover, training and capacity building were provided to sixty cooperative societies and their officials, supported by development partners such as NARIGP, NURU, and Practical Action. Acquired land parcel for the rehabilitation centre, development of design BQ works before cabinet. Soko mjinga traders relocated to new site.

Challenges and Mitigation Measures

Sustaining the GEDDWA Agenda for Accelerated and Inclusive Economic Growth

Implementation of the Medium-Term Expenditure Framework (MTEF) budget for FY 2023/24 faced several challenges: late disbursement of development funds, prolonged procurement processes delaying project implementation, historical pending bills affecting budget allocations, unavailability of public land for enterprise development, and delays in enacting the County Government Additional Allocation Act (CGAA) 2023, which impacted the timely execution of priority projects.

To address these challenges, the department proposed to allocate a portion of its annual budget to settling pending bills, collaborate with the procurement department to expedite project advertisements and tendering, ensure the availability of public land for investment, and continuously lobby investors and development partners to seize opportunities within the county. Additionally, the department set out to enhance the collection of Appropriation-In-Aid (A-I-A) to boost local revenue and ensure timely project implementation.

Budget Revision Context:

In the approved budget estimates for FY 2024/2025, the department was allocated KSh.370,464,219 out of which KSh. 165,259,292 for recurrent and KSh.205,204,927 to support development.

During the first supplementary budget review process, the overall resource envelop for the department has been revised upwards from KSh.370,464,219 to KSh. 555,462,804; out of which KSh. 189,059,292 for recurrent and Ksh. 366,403,512 for development expenditures. The upward revision was mainly attributed to the unspent grant balances from the FY 2023/24.

The expected outputs are as follows:

Under the Trade, Cooperatives and Entrepreneurship Development Services programme, the department has prioritized. 40,000,000; pending bills at KShs. 21,204,927; the SME Development Fund at KShs. 42,000,000; construction of a Rehabilitation centre in Homa Bay Town at KShs 8,000,000; boda boda revolving fund, enterprise and cooperative development services at KShs. 4,957,550; market maintenance services at KShs 20,000,000; and market relocation at KShs. 19,937,523.

Under the Tourism, Industrial and Investment Promotion Services programme, the department has prioritized the development of the County Aggregation and Industrial Park and Dykes construction at Riwa in partnership with the National Government at KShs. 30,000,000; promotion of tourism through the Miss Tourism County Pageantry and the Roan Antelope Half Marathon all at KShs. 5,000,000 and investment mobilization and aftercare services at KShs. 3,000,000; and constructions at Kigoto maize milling plant at KShs. 4,900,000.

Under the Policy, Planning and Administrative Services programme, the department has prioritized personnel and administrative services, including human resource facilitation and acquisition of goods and services which in total account for KShs. 189,059,292

- Rehabilitation of Awach Tende water project
- Drilling and equipping of with solar 33NO boreholes across the county
- Rehabilitation of 3NO. Boreholes
- Rehabilitation and protection of 2NO springs Establishment of 82NO. Community tree Nurseries

Challenges and Mitigation Measures

Despite the progress realized, the department faced multiple challenges ranging from inadequate policies and legal frameworks that has direct impact on the services and the programmes that the department is determined to implement, inadequate working tools and equipment i.e. laptops, survey equipment, software etc.; inadequate designated waste disposal sites and mushrooming of dumping sites that negates the efforts towards environment management; inadequate budgetary allocation that limits the department to implement a number of its desired projects; shortage of technical staff; breakdown of waste skips and other waste receptacle due to lack of funds for proper repair and maintenance.

The department has put in place a raft of measures to mitigate some of the above-mentioned challenges so as to ensure all the deliverables earmarked in the FY2024/25 are realized. The measures include: leveraging on partners implementing similar programmes to complement in delivering some of the planned projects; enhancing collaboration with other departments to tap into their technical expertise and working towards developing sound policies, regulations and laws towards enhancing coordination and service delivery.

Context for Budget Revision

The department in the FY2024/25 was allocated a total **KSHs. 701,769,067** comprising of **KSHs. 251,284,923** for recurrent expenditure taking care of personnel emolument and routine office operations and **KSHs. 450,484,144** development expenditures respectively.

However, in the supplementary budget estimates 1 of FY 2024/25, the allocation has been revised to **KSHs. 899, 456, 808** comprising of **KSHs 270,284,923** as recurrent expenditure as well as **KSHs. 629,171,885** as development expenditure

The development expenditure of **KSHs. 629,171,885** has been divided between the following programmes with clear outputs to be realized in the FY2024/25: Water supply and management services allocated **KSHs. 167,600,000**; Environment protection and management services amounted **KSHs. 21,000,000**, Energy services have been allocated **KSHs. 5,000,000**, Climate change management services **KSHs. 425,671,885** and finally **KSHs. 9,900,000** has been allocated towards the settlement of pending bills.

- Under Water Supply and Management Services Programme, the allocation of **KSHs. 167,600,000** is to be directed towards funding water projects with **140,000,000** being used

to fund ward-based water projects which is also the FLLoCA counter-part funding and 27,600,000 to fund other water projects.

- Under Environment Protection and Management Services, the allocation of KSHs. 9,000,000 is to be directed towards acquisition of waste skips and KSHs.12, 000,000 towards acquisition of waste skip loader.
- Under Climate Change Management Services Programmes, the allocation of KSHs. 425,671,885 is towards financing Locally Led Climate Change action projects.
- Under Energy services, the allocation of KSHs.5,000,0000 will be directed towards maintain ace of solar lights in all the wards
- Under administrative support services KSHs.9,900,000 will be directed towards settlement of pending bills

The recurrent expenditure, the allocation of KSHs.248, 284,923 is towards compensation of employees as well administrative support services, KSHs.22,000,000 will be directed towards climate change governance.

D. PROGRAMMES AND THEIR OBJECTIVES

PROGRAMME	OBJECTIVE
CP6. Water supply and management Services	To increase access to adequate and reliable water
CP7. Environment protection and management services	To enhance a clean and safe environment for the residents of Homa Bay
CP8. Climate Change Management Services	To deliver locally led Climate Change Resilience Actions and Strengthen the County's Capacity to Manage Climate Risks
CP10. Energy Services	To enhance access to affordable and reliable energy supply.
CP11. General Administrative services (Water)	To increase efficiency and quality of work

VOTE 5139: OYUGIS MUNICIPAL BOARD

A. VISION

The Board envisions "A municipality of choice for all to invest, work, live and prosper."

B. MISSION

The Board is working "To make Oyugis Municipality more attractive and sustainable through effective policy formulation and implementation."

C. PERFORMANCE OVERVIEW AND CONTEXT FOR BUDGET REVISION

The Board was created to give effect to Article 184 of the constitution, which provides for the classification, governance and management of urban areas and cities. The Board was mandated to make Oyugis Municipality more attractive and sustainable through effective policy formulation and implementation.

Performance Overview

Oyugis Municipal Board has undertaken strategic initiatives to enhance infrastructure, foster community engagement, and fortify administrative structures. The Municipality collaborated with KENHA to install 84 state-of-the-art streetlights and a pedestrian walkway from DTB to Winimum Hotel. The projects have increased safety and security and proved Oyugi's commitment to urban development. Moreover, the Board's organized 5No. public forums, 1No. major stakeholder dialogue, supported by KCB and Equity Bank, established a 54-member diaspora committee dedicated to resource mobilization. The Board also organized community reconciliation efforts at Athousand Street and CBD cleanup campaigns to promote social cohesion and revitalization. Through the cleaning campaigns, the residents have actively maintained cleanliness, reduced waste accumulation, enhancing overall environmental hygiene and contributing to a healthier and more attractive living environment. Additionally, the Municipality inaugurated the Rodi Kakuom Market, which has promoted economic empowerment. Lastly, the Board constructed a 9km drainage system, which has mitigated the risk of flooding during heavy rain fall. These channels are

Sustaining the GENOWA Agenda for Accelerated and Inclusive Economic Growth

strategically placed to redirect excess water away from residential areas and vital infrastructure, ensuring the safety and well-being of the community.

Oyugis Municipality has also achieved significant milestones through strategic partnerships and community initiatives. In collaboration with the Judiciary (Oyugis Law Courts), the municipality conducted a Stakeholders Public Awareness program to educate the public on legal procedures, enhancing access to justice and legal literacy. Additionally, a partnership with A Dera Outdoors Advertising led to the beautification of the Nyadendi and Kasimba A1 Highway U-Turns through flower planting, improving the town's aesthetic appeal. To further its commitment to environmental sustainability, the municipality established a Stakeholders Environmental Conservation Committee, bringing together key stakeholders to drive conservation efforts and promote a cleaner, greener environment.

Revised Estimates for the FY 2024/25

In the FY 2024/25 approved budget estimates, the Board was allocated **KSHs. 37,633,620**, which includes **KSHs. 12,833,620** for recurrent and **KSHs. 24,800,000** for development purposes. During the first supplementary budget review, the allocation for the board was retained at **KSh. 37,633,620**.

Subsequently, the Board has appropriated the funds as follows:

- Under *Policy, Planning and Administration Services Programme*, the recurrent funds will be channeled towards: Policy and plan development at **KSHs. 705,831**; remuneration of staff at **KSHs. 6,556,056**; Facilitating M&E and general office operations at **KSHs. 5,571,733**.
